

## Bespoke Rooflights

At L2i we pride ourselves on being able to satisfy our clients requirements by adding bespoke items to their build.

Roof lights, also known as skylights and lanterns, offer a simple solution for transforming an otherwise gloomy space into a light, airy and attractive part of your home.

The addition of a new roof light will also bring with it many unexpected benefits; brightening up your home and lowering the costs incurred by relying solely upon artificial lighting - all thanks to the flood of natural light your new aluminium roof light will unleash.
